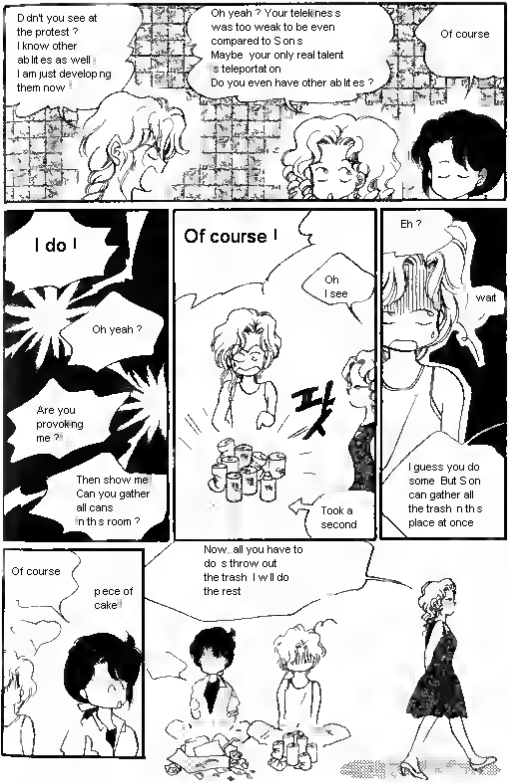
Hmmph the guy has noth ng to do I bet he went out for some fun L ght
It s not l ke I have people to play w th me
Thanks to you I was conf ned n th s apartment for the whole day
Eh? Why ?

Why ?!
It's because of you !!
I've received complaints from other team members but I've never been a victim due to my team members!!
So in another word...you deserved this situation
Being in this apartment for a whole day with nothing to do!! Do they think I am a dog or something?
Who's going to clean this mess?
What?
I thought that if anyone causes troubles...it'd be Son but Mars?
What?
Why always pick on me?
Well it happened

Hmmph
Anyway Isha are you expecting us to clean up this mess you made?
Let him clean its his mess
If you are not going to just leave it
What?
We share the apartment
And we are not your maids
Of course not
Why don't you ask Kane to buy you a vacuuming robot ?
Fine I guess it was my fault for asking such a weak esper who only knows teleportaton
what?
it's true You said so You only know teleportation don't you?
Sensitive to words like girly weak..and the like



D dn't you see at the protest ?
I know other ab l t es as well
I am just develop ng them now !
Oh yeah ? Your telekines s was too weak to be even compared to S on s
Maybe your only real talent s teleportat on
Do you even have other ab l t es ?
Of course
I do !
Oh yeah ?
Are you provoking me ?!
Then show me ! Can you gather all cans n th s room ?

But I adv ce you not to provoke Mars

Any contact from Mars, yet ?
None yet, sir.
But, general, aren't you being too easy on her ?!
You let them go without any punishment. Why are you ...
Bezel, I know you don't like espers.
But you seem ~~to dislike them~~ especially more

janimes
www.janimes.com

How dare you
was it your first time to kill a person ?
.....
I suggest you choose what to speak carefully.
One day, you may end up looking just like him.

Can I go ?
The ESP pass

No esper has done th s before!

Teleport ng wth another object
Is her ESP strength above what s written on the document?

seems so
But ther power vary dependong on emot ons
Perhaps but one th ng is for sure Her power s not on the same level as other espers
But you can get any espers and tra n them to do that
Is that so?
Bezel have you really thought about espers and how ther power work? Have you g ven any ser ous thoughts about them?
Just because espers are everywhere you seem to be used to espers
But I do agree wth you n some aspect
Someth ng needs to be done about espers

Especially,
Mars ...
Son will not ce
So I can't go back
I don't want to
even talk about
it
What
Why do I have to

All members in the bend are female He shouldn't complain

Mars you didn't sleep well last night did you ?
Why ?

Wait ..., what are you talking about ? ...Is that the weird dream I had last night was Mars' ?
Was that your dream, Mars?

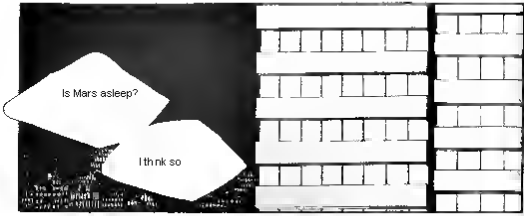
No thanks Are you saying you really like her ?
Or are you just trying to make a lame excuse ?
I am not ambitious like you Missel
Then let s say it was personal
If so you should really stay away from her
We are going to need her !

My feeling s mine You have no right to order me about that
You are acting strange today
You are about to do something that you would never do normally
Just live on peacefully and quietly like you've been so far
Such a life style suits you
Don't you think so my beautiful brother



Is Mars asleep?
I th nk so

She d dn't say a word today
I am just glad that she stayed at school I thought she was go ng to do someth ng bad

I don't want to sleep.

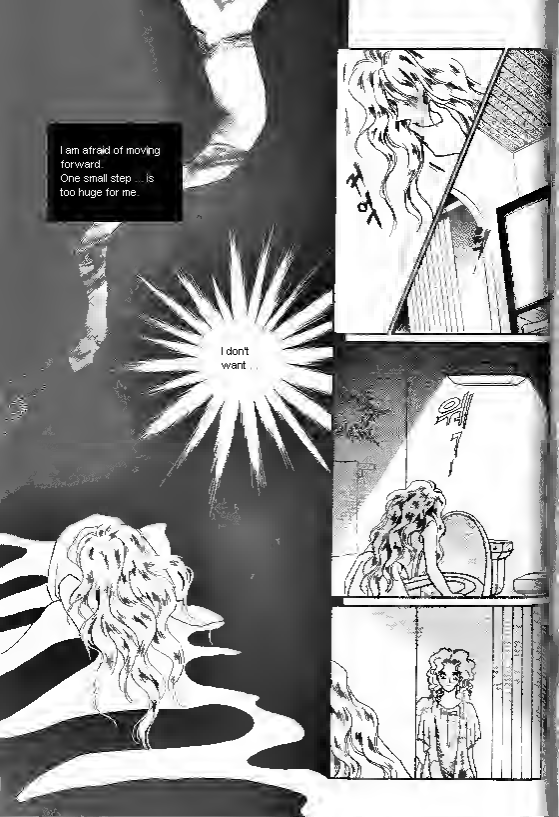
What was that Venus ?
What am I doing on Earth?

Perhaps..I should have remained on Mars
Perhaps, I should have kept on living there...
On a remote planet... where people live like aliens ..



I am afraid of moving forward.
One small step ...is too huge for me.
I don't want...

Are you all right ?
I am fne
Son ?
Don't worry She s sleepng deep enough not to bug you right now
Leave me alone Don't mnd me at all No good w ll come f you try to help me
Come with me Mars Let s go out!!

What?
Whether we are espers or not we are 16 year old girl
Although our level on men may have been messed up because of Isha and Venus there are still neat guys to hang out with We are in our prime time to enjoy our youth
Now come on Come to my room first
Mars you have a attractive face and have enough feminine charm But you always wear dark and manly clothes You act like a guy
Guy ?
Girl ?
Which one really am I ?
Why don't you feel that you are a girl

It s I just tr ed to match the outfit with your boy sh character
What are we supposed to do?
Well watch mov es and eat
And hunt ng
Th s s so not my style
Not nterested
Mars realize that you are a normal 16 year old g rl

A normal grl ?

Yes normal We are not that d fferent

It's no use, Jean

Such a statement often angers me rather than comforts me They treat us lke monsters and we are normal ?

I don't even know what I want anymore What am I do ng here for what purpose ?

And what am I supposed to do n future?

janimes
www.janimes.com

You th nk too much for someth ng that shouldn't be though too much
Now shall we resolve th s? Do you see a group of people there?
Hey Can we tag along?
Resolve?
You are too exclusive. You need to get along with more people.
And you often even reject us too
I am against such thoughts like yours. I understand that we are friends, but I want you to meet others.
Like we were on Mars and even now, you don't approach to others except me and Sion.
And it is not for only you, but for me and Sion.

Whether you are a monster or an esper you are a human You should see how others l ve ther l fe
Hey!

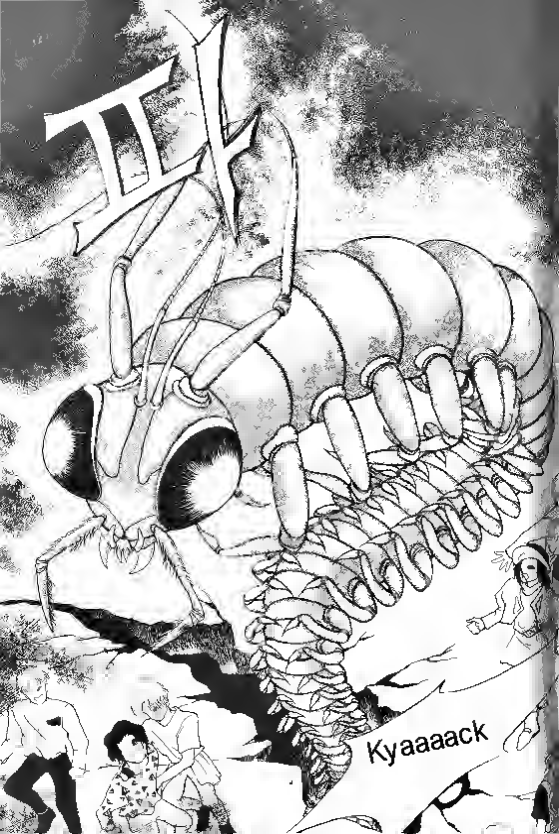
"Like weapons"...
Selling espers, selling human beings...
Why do people on Earth have to make things so complicated...
What should we do about them ?
Jean..., don't tell me that this was what you were trying to show me.
Say the magic word, Venus.
I don't like those people...
Uh ?
What the ?
The ground is not even quaking. What's going on?



Kyaaaack

Kyaaa !

Something happened
...You've always come to my dream whenever you were on edge.
My dream is always open to you.
Tell me what is wrong.
You don't know anything about me...father
Of course. I do
You are my daughter
No, you don't
Did you know? I've attempted to read your memories
I don't need to ask questions
The answers I needed were within my reach
Jasmines
www.jasmines.com

But I didn't actually read your memories. I wanted answers from your mouth.
I can't tell you any details but ...
I am not going to wait like this.
I am going to do something about it.

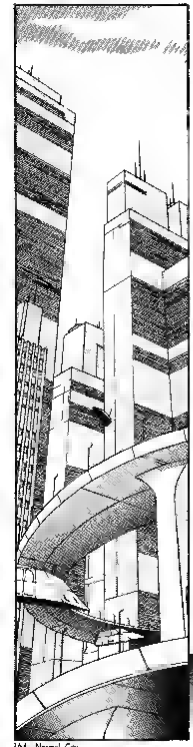
Venus I need to ask you someth ng
Yeah?
Can you tell me what Hercules actually does?



that was fast

Where is Mars now?

Why do you need to know that?

And why did you want to see me?

Mars found out how she was born or produced

She looked
nto my memor es
Looks ke noth ng
happened last n ght
But I cannot guarantee
how she w ll react
after f nd ng out
And that s why
you called me?
She was go ng to
f nd out sooner
or later anyway
I don't see why you
are reacting ke th s
That's because
you don't know
Mars personally !
She s too young
to control her
own emot ons !
What you th nk
normal and
ord nary are
ordeals for her !
I ra sed her to
be a human be ng !

She was los ng control over herself after she refused to see herself as a human be ng
The fact is that she s a human be ng! Don't treat her l ke some kind of weapon to exper ment !
I need to see her now
You named it Mars. Jason ?
it may have been born from a sperm and an ovum
But it was only meant to be an exper ment not a human be ng

Dr. Troll ....
Even from your view, she is a human being. She was born in a lab, that's all.
It may have an appearance of a female. But that is it.
You are a good scientist So, I suppose you've figured out what kind of experiments were applied to it.
Its gene was cut and replaced with other genes
None of my experiment had been able to sustain so much punishment
And It gave wonderful results
Until you stole her and escaped to Mars
www.jaimes.com

She is my daughter.
You must have gone insane.
It's an experiment
I've wanted to take it back
I need to see its result
It was not meant to be a human being It is a result of the ultimate biological experiment
Kane do not make me wait any longer

Do you have any dea how much I was worried when I woke up and you two were no where to be found ?

Where have you two been ?

Sorry it couldn't been helped Sorry S on

I feel fool sh for d scuss ng

Damn it
Yeah

Th s team was made

Th s s so fool sh
it s not l ke she s

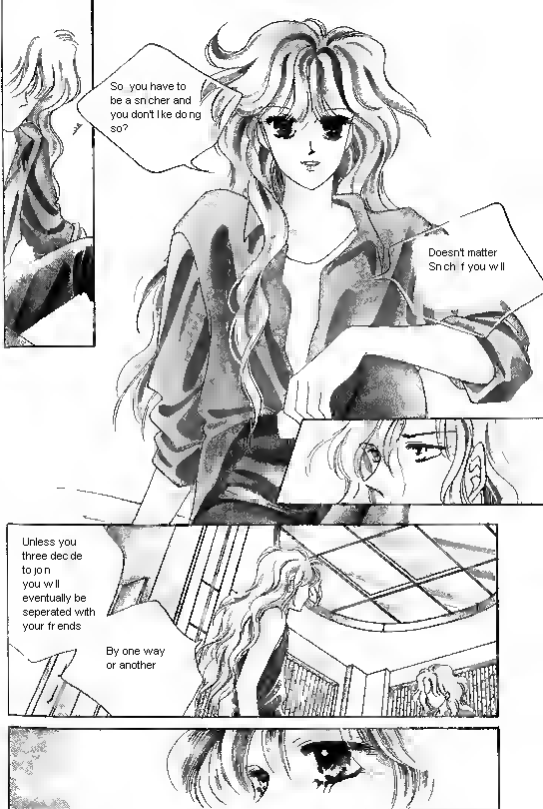
Troubles
after troubles

Mars Heaven,
Whether you join Hercules or not it's your decision
But as a team member I will give you an advice
You may do what you feel like but I've been ordered to report what you do that is out of ordinary
As you probably know...this is not something that can't be just ignored
If you don't join I won't report anything
They are not going to do any good to you anyway



So you have to be a snicher and you don't like doing so?
Doesn't matter Snicher if you will
Unless you three decide to join you will eventually be seperated with your friends
By one way or another

You are in no position to give any kind of advice !
Your adv ce is toally uncalled for, Isha Green !
You ve been just a stranger to me That s all And you made it clear by yourself !
And just let you know I was probably the only one among three of us who d d not welcome you

You wouldn't know

I don't know about you personally But I th nk you changed

Just ke you sa d you don't know about me

And it doesn't make any sense f you sa d that you d know me personally
You wouldn't know
For you dream s probably someth ng to nvade For me..dream s much more than that
You are r ght

Hercules s

organ zat on By jo n ng
you are literally stand ng
aga nst Kane
What about our
parents ?
I am not
joining
If I d dn't know you
I would have dreamt
a lot more about
my nterest
L ke about Earth
and myself

Our parents are confined simply because their children are espers
I am going to get my family together I am not about to run my whole family for just me
But aren't they secret organization?
It doesn't matter It's not like we live here by ourselves Isha is here and Marie checks on us everyday
I think we can convince Isha
Soon

You f ght wth Isha all the t me, but you seem to trust h m more than anyone else n the team
To be honest he is just a stranger who wants to get out of here as soon as poss ble
I know how s mple you are
You are go ng to jo n because of Mars r ght ?
I can't let her go alone

Son Mars s Mars
and you are you
Thnk for your sake!

Don't you

www.janimes.com

What is it, Sion. Do you still have something to say ?
I said I don't want to get involved.
Why did you call me out at this hour anyway.
..... Don't tell Kane about us and Hercules.

Why would I not report ?
What do you think you are doing ?!
Listen Mars and I are going to join Hercules

Of course, we are not going to advertise around and tell everyone we are going to join. This will be a secret.
You were the one who mentioned Hercules, but it seems you are not going to help in any way.
So at least keep your mouth shut. If you snitch I will have to harm you
Are you threatening me? You are going to join Hercules even when you know your mother's life could be at risk?
For Mars?
You heard the conversation
Nemesis City 193

What a fr endsh p I must say
I am just a stranger to them
It s not l ke your threaten ng worked but
Remember what I sa d ? I don't want to get nvovled
I don't feel ke report ng t to Kane after see ng how stup d you g rls can be
F ne do whatever you want
Do whatever you want No..I hope you case even more troubles
All I want is get th s team d sbanded so that I don't want to get penal es because of you three
If th s team goes longer than I can take I am just go ng to tell Kane everyth ng and get th s team d sbanded by force

I won't get
myself involved
in the mess they
create !
Yes
I have Gai
waiting for me

Are you really ok with this, Sion ?
Would you stop repeating the same question ?

Thanks
Don't come
You don't have to say that
Don't come with me
Don't come
Thanks

Our chef would like to see you

Greetings comrades
The names were

Mars and
Son, chief
Yes Mars and Son
I believe you two are
class A espers although
I am not sure if that is your
average power or maximum
We will have to
test your power
later Before that
why don't you
ntroduce yourself?
Like about your family
your motive for joining
everything you can come
up with Speak loudly so
that comrades in this hall
can hear

it s not like th s s a club for hobby Do we have to tell you all those?
Everyth ng has steps
If we don't like you that is it per od
Since we are a secret organizat on and rather small n numbers we offer nvitat on like recruit but not everyone can jo n us
I do not know how much you know about Hercules but once you jo n you cannot go back to who you were
There are few of us n your school but not many That means you cannot tell anyone about us to anyone
Also f you expose any nformat on about us and try to run away. you w ll d e m serably We w ll track you down no matter what and hunt you down

Say what ?
I am not here for some child s play !
an arrogant leader, either !
What ?

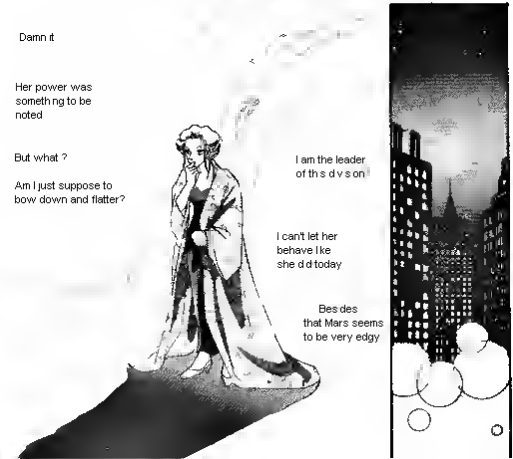
Chief
Leader Missel said to accept Mars Heaven no matter what
I know that !
Now shut up !



Damn it
Her power was something to be noted
But what ?
Am I just suppose to bow down and flatter?
I am the leader of this division
I can't let her behave like she did today
Besides that Mars seems to be very edgy

We scored
Days after we nstalled

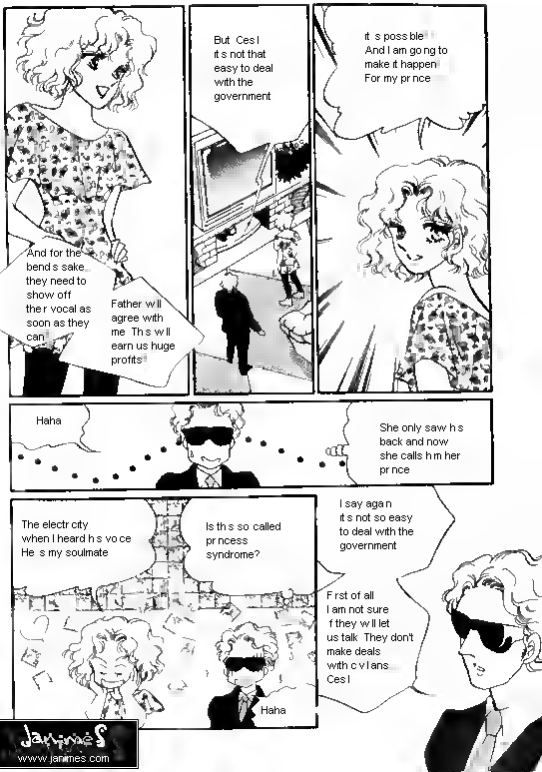
we've found
who
appears to be
the vocal
Good work
now show me
Ths s it
Zoom n
Ohoh
I can feel how handsome
he is by just look ng at
h s back
How charm ng

It seems the rumor was true that he is an esper.
He hasn't scored enough to be a freeman. So he can not show his face to public
Yes ?
It is just not fair that such a man cannot show his face simply because he is an esper
Everyone wants to see the vocal of "Guest on mark"
Then I will get him out !



And for the bend's sake they need to show off their vocal as soon as they can!
Father will agree with me. This will earn us huge profits!
But Ces I it's not that easy to deal with the government
It's possible! And I am going to make it happen! For my prince
Haha
She only saw his back and now she calls him her prince
The electricity when I heard his voice He's my soulmate
Is this so called princess syndrome?
Haha
I say again it's not so easy to deal with the government
First of all I am not sure if they will let us talk. They don't make deals with civilians Ces I

Jaminés
www.janimes.com

I am not worried
If we can get him on the channel he will get immense popularity
We will have to talk with the vocal first
I am sure that he will agree

Aren't you
go ng back to
your apartment
Isha ?
Not ton ght
They don't check
at n ght anymore
So I m ght as well

Isha you've finally decided to be a freeman for real ?
About time dude ~

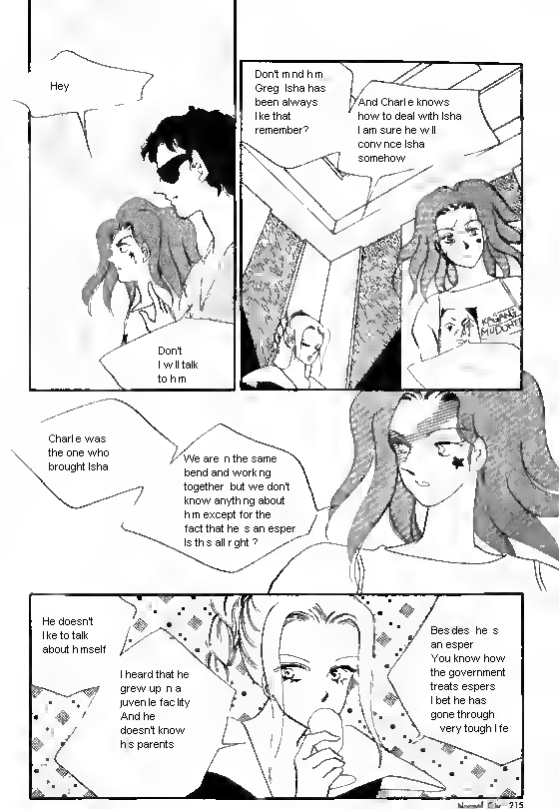
Actually the recording company has been asking us to provide pictures of us

I know you can't So I think we are going to provide our pictures first

Then just do so!
Why are you bothering me ?!

What's wrong with you ?!
Why are you so pissed ?

I am not pissed !



Hey

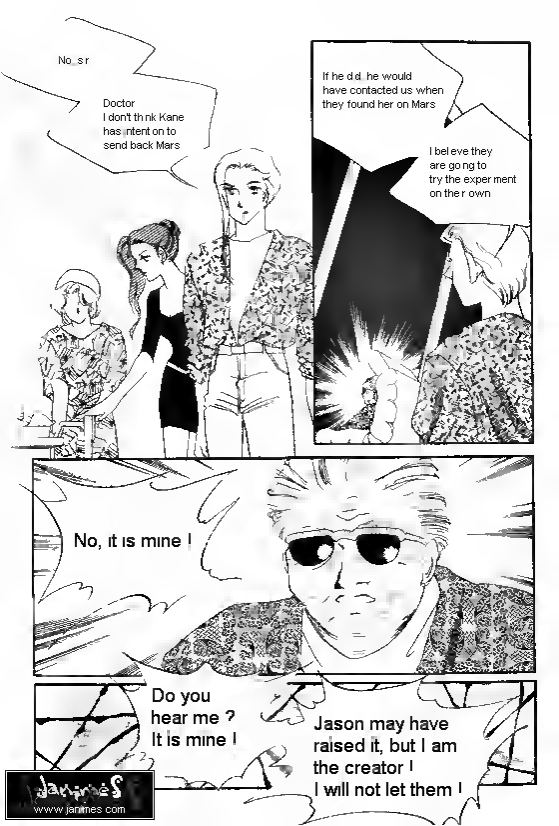
Is th s all r ght ?
He doesn't
Ike to talk
about h mself
I heard that he
grew up n a
juven le fac lity
And he
doesn't know
h s parents
Besdes he s
an esper
You know how
the government
treats espers
I bet he has
gone through
very tough l fe

I thought he was trying hard lately..
Any words from Kane ?



No, sir
Doctor I don't think Kane has intent on to send back Mars
If he did, he would have contacted us when they found her on Mars
I believe they are going to try the experiment on their own
No, it is mine !
Do you hear me ? It is mine !
Jason may have raised it, but I am the creator ! I will not let them !
